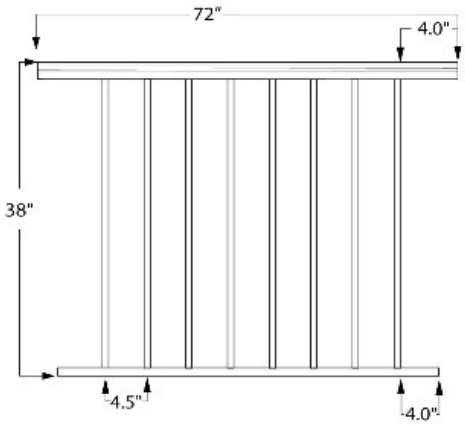
51DB-PRP42/6

SPEC-SHEET

51DB-PRP42/6 42"H x 6FT Level Aluminum Picket Rail Panel - Dark Bronze



This 6ft long Level Picket Rail Panel is designed for 42" high railing and it has ¾" square pickets that are spaced 3-3/4" apart to pacify the 4" sphere rule. This panel has a dark bronze painted finish.

The panel is designed to be supported/held in place by our 2-1/2" square aluminum post - see item group 9000/42/F.

Consult local building code for specific requirements in your area.

Call customer service for specific project take-offs and lead time information. Select items are in stock and can ship in 24-48 hours.
